ENTOMOLOGIST MEET IN FORT PIERCE
The Florida Entomological Society held its 35th annual meeting in Fort Pierce last Thursday and Friday, with five representatives from the Everglades Experiment Station in attendance. They were W. G. Gering and Walter H. Thorne, assistant entomologists, Dr. W. N. Stoner and Frank V. Stevenson, assistant plant pathologists and J. W. Randolph, agricultural engineer.

A paper by Gering, "Possibilities of Increased Effectiveness of Insecticides by Combinations of Some Standard Materials," was read at the conference. Others papers dealing with insect pests affecting citrus, vegetables, and livestock were heard also. Norman Hayslip, assistant entomologist, formerly with the Experiment Station here, and now located at the Indian River Field Laboratory, was in charge of local arrangements for the meeting.

CITY OF BELLE GLADE
Frank C. Anderson,
City Clerk.

CITY FATHERS
(Continued from Page One)
SW 5th Street. The question has been held in abeyance for some time, owing to the fact the property was in litigation. The commission voted to issue a notice to vacate the building within 10 days.

A vacating order was also approved for Robert Cooper, 724 SW Ave. B, place, who will be ordered also to appear before the commission to show cause why the building should not be demolished.

The commission also voted to allow Charlie Bolton to erect a neon sign over his Ford agency, provided the sign is of sufficient height not to interfere with traffic.

Denied Johnny Blackshell's request for permit to build a frame taxi stand. Denied M. C. Ward's request for permission to use the Amson Station on South Miami Street as a warehouse for produce. Denied a beverage license renewal to Chris Robbins, 749 Ave. B Pl. and a new request by Jack Green, same address, because the building is condemned. Approved new beer and wine license applications by Joe Reese, 805 SW 5th Street, and Roger Benjamin, same address. The location is the same as that for which Leroy Lee Copeland was previously denied a license, owing to bootlegging activities. The two applicants apparently are contestants for a sublease.

Frank Anderson, city clerk, said.

Beer and wine licenses were also approved for Ola Mae Greenwood, 541 SW Ave. B Pl. and Caroline Hamilton, 237 SW 5th Street. Renewals of licenses were granted Daisy Robinson, 298 SW 5th Street, and Jack Humphreys, 413 SW 5th Street. The commission also heard the reading of an ordinance changing its meeting time to the second and fourth Wednesdays of each month, at 7:30 p. m.

4-H CLUB GIRLS ELECT OFFICERS
The 4-H Club girls recently at their first organizational meeting of the year elected the following officers: Cherry Corbin, president; Winifred Barry, vice president; Laura Mae Haulcom, secretary-treasurer; Jeanette Waddell, council delegate; Sandra Mobley, alternate council delegate; Dorothy Irvin, club reporter. Mrs. B. Q. Waddell is club advisor.

The girls will meet on the first and third Tuesday of each month in the home economics room of the New High School. Miss Elizabeth H. Hudson, assistant county agent, will be present at these meetings to instruct the girls in their 4-H club work.

FLORIDA POPULATION IS EVER INCREASING
The resident population of Florida in mid-1951 stood at 2,861,000, including military personnel stationed in the state, a gain of 6.8 per cent during the preceding fifteen months.

This Florida gain was surpassed only by Arizona with 7.3 per cent increase, and was followed closely by Nevada which grew 6.7 per cent, the Florida State Chamber of Commerce stated recently. The national increase was 1.8 per cent.

Florida's civilian resident population totaled 2,578,000 last year, an increase of 3.5 per cent since 1950 and again ranking the state in second place, nationally.

Of the total Florida population of 2,771,295 in 1950, 2,041,329 (73.7 per cent) were native-born white; 122,731 (4.4 per cent) were foreign born white; and 603,101 (21.8 per cent) were Negro. In addition, there were 1,011 Indians; 429 Chinese; 239 Japanese and 475 of other races. The proportion of white persons in the total population of Florida was 56 per cent in 1900, gradually increasing to 78 per cent by mid-1950.

The 1940 population count in Florida showed, for the first time, more women than men. By 1950 there were 37,471 more women than men in the state.

CARD OF THANKS
We extend our sincere thanks to everyone for their thoughtfulness and kindness in the death of our husband and father. Mrs. R. C. Davis. 10-17-51

WOMAN'S CLUB MEETS
Despite inclement weather 30 members and guests attended Wednesday's meeting of the Woman's Club at which Howell Watkins, superintendent of public instruction for Palm Beach County, was guest speaker.

Introduced by Mrs. F. O. Hobbs, chairman of the education committee, Mr. Watkins explained the county and state school system and spoke on the first amendment.

Mrs. Lloyd Clanton reported on the Glades Citizens Highway Safety Committee. Other announcements included the forthcoming blood bank, B.P.W. Civic forum, home nursing course, open house at the High School, and a mental health program meeting to be held at West Palm Beach, Oct. 20 at 8 p. m.

Two important club meeting dates are scheduled for November. On Nov. 6 a county federation meeting will be held at Delray and on the 22nd, a district meeting is listed for Pahokee with the State officers in attendance.

Mrs. Guy D. Wood, Jr. was appointed delegate to the B.P.W. forum.

According to Mrs. Margaret Earwood the speaker at the Nov.

The Gardener's Corner

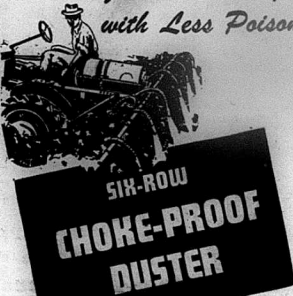

ILLNESSES OF THE AFRICAN VIOLET

By Mrs. Luther Jones
Belle Glade Garden Club
There are several sources of illnesses of the Saintpaulia, African Violet. Insufficient drainage, poor, alkaline soil, dust on the leaves, insufficient sunshine, too much sunning, watering with chilly water (when weather is cold), allowing the plant to become chilled, and feeding and watering inconsistently. All of these can easily be remedied with a little

thought and care. However, we are not going to dwell on these except to state once again that the African Violet must have the following things to be healthy: good drainage, aerated soil, slightly on the acid side, regular feedings, dust-free leaves, a small amount of sunshine, or indirect sunlight, and being in the same place most of the time, except to move from a window sill in cold weather, to keep a draft from chilling.

There are two insects that will ruin your violets, if not gotten rid of in time. These are the cyclamen mite and the mealybug. The cyclamen mite is so small that it takes a microscope to show it is not just white powder. By the time one notices, the blooms are dwarfed, or abnormal, or the young new leaves are growing deformed, are hairy and have a yellowish cast, and the plant is almost ready to be discarded.

Placing a few naphthalene moth flakes on the soil helps to keep the pests away. Optox is a good spray. Use one ounce to three gallons of lukewarm water. The plants may be dipped in the solution, or they may be sprayed. If you dip them, be sure the container is large enough to dip the entire plant, pot and all. Allow the solution to soak through the soil. Then set the plants in a dark, shady place for several hours before bringing them into the light. Repeat this treatment three

times, a week apart, then once a month.

Even if the pest is eradicated, it may be two months before the leaves become normal and healthy looking.

To kill mealy-bug, take a toothpick, wrap end with cotton, and dip in rubbing alcohol, touching each little "white powder puff." This should be done once a week. Don't forget to look on the under side of the leaf.

The next most serious trouble is nematodes, or root-knot. This illness is recognized by the leaves becoming pale and dull-looking. The outer leaves will begin to drop. When other things, such as insufficient food, too much water, sunlight, and cleanliness of leaves, are checked, then pull up the plant, and if there are small puffy nodules or enlargements on the roots and stems, then the parasite worms of root-knot nematodes have taken over. Destroy plant and soil, and sterilize the pot thoroughly before using again. The soil or plant should be not be thrown out, but destroyed.

Another ill of the African violet, but one quite as bad as the afore-mentioned, is crown rot. The plant can be saved by cutting off its rotted root system and re-rooting it. Sprinklings and ants may be killed by watering with a solution of 1 teaspoon of chlorox to a pint of water.

Several rules, if followed, will aid you in avoiding some of the insects. Do not place new plants (other purchased plants or some that were given you) near your healthy plants for several weeks, until you are sure they are free from pests or disease. Buy from reliable dealers. Take away any plant in the collection when it becomes "different" looking. Wash hands and watering can thoroughly after watering and working with

other, or new plants, before working with your African Violet. In this way you will not be spreading the disease.

African Violets take some coddling—but they're worth it!

Activities of Glades Scouts

Next Thursday night an open meeting for all persons interested in the Girl Scout movement will be held at the Girl Scout House. The time has been set for 7:30 pm.

Mrs. A. B. McCormick, committee chairman, will preside at the conference she attended this week at Charlotte, N. C. The major plans for the year will be announced.

If you have a girl who is in Scouting or wants to be, won't you please come to this meeting where you can become acquainted with the committee members and the leaders in the organization? Perhaps after attending the meeting you too will want to be a leader.

It is interesting to note in passing, the part the telephone company played in the Girl Scout movement. It was a telephone call made in March 1912 by Juliette Low to Nina Papp which started Scouting on its way. This call, made in Savannah, Ga., forty years ago, resulted in the formation of the first troop and in its ultimate results, has touched the lives of some seven million girls between the ages of seven and seventeen.

P.T.A. DRIVE IS HUGE SUCCESS

A recent P.T.A. membership drive brought 451 new members, it was announced at this fall's opening meeting of the organization, held recently at the new high school auditorium. This year's group is the largest.

P.T.A. group to date. Mrs. A. E. Kirchman, membership chairman, and her committee, were responsible for the drive. Mrs. E. Kirchman, membership chairman, undertook to solicit membership from every parent with a child in school.

Mrs. E. A. Lively, president, was chairman of the P.T.A. meeting which heard the membership report.

The treasurer's report showed a balance of \$886. The only money-making scheme this year will be the annual Halloween Carnival to be held Friday night, Oct. 31.

Mrs. Lively announced the following committees and members for the Carnival: construction, Vernie Bots, advisory chairman assisted by Buster Ingram, Lee Berryhill, Walter Schleicher, Jesse Motes, Grant Averill; cashier, Ed Lively; booths, Mrs. Ralph Kirk, advisory chairman assisted by Mrs. Bob Lanier, Mrs. Douglas Thompson, Mrs. W. W. Weeks, Mrs. Guy Wood, Mrs. Joe Friedheim, Mrs. William Carter; publicity, Mrs. Walter Thames, Mrs. Claude Jones, Mrs. Victor Riedel, Mrs. Carl Hayes; car advertisements, Mrs. Robert Cameron, advisory chairman assisted by Mrs. Chris Figueroa, Mrs. Grady Edwards, Mrs. Joe Ziemann, parade, Mrs. F. C. Schoenfeld, advisory chairman assisted by Mrs. Harold Zumpf, Mrs. H. L. Royals, Mrs. T. E. Hollingsworth, Mrs. Grant Averill and Mrs. Lester Clark.

A letter was read from the president of the Palm Beach County Council asking the five schools in the Glades and those of Okeechobee to discuss the possibility of forming a Glades Council. Members decided against this proposition.

They accepted the following recommendations of the executive board: to allow \$25 for each of the two delegates to the annual P.T.A. conference in Lakeland, plus any other expenses over that amount; to allot \$100 for magazines in the primary and high schools; to pay for poster paper for the Carnival out of P.T.A. funds; to fumigate the kitchen and lunchroom for ants and roaches.

Mrs. E. D. Humphries announced the yearbooks are ready for distribution.

Mrs. W. T. Forsee, Jr. said that examinations were scheduled to be given to all children Monday, Oct. 13. Physical and eye exams will be given in the near future.

According to Mrs. John Robinson, cafeteria chairman, 832 questionnaires were sent out

and 117 replies received. Three meetings of the committee have been held. Lunches are served daily to 553 children, and 22 teachers.

Mrs. Margaret Earwood, art instructor, announced a corps of artists is prepared to make posters for the Carnival.

Forty patrol boys are now available for duty according to Mrs. Jack Rashley; and Mrs. Alfred Vadasz, told the group that whenever possible the State Highway Patrol car will follow the school buses. Mrs. J. W. Hooker thanked Mrs. Mary Poy, manager of radio station WSWN for donating time for the recent safety program.

On the recommendation of James A. Ball, Jr. the question of where to put the sidewalks in connection with the school buildings was referred to the Safety Committee.

Mrs. Doyal Timmons gave a brief talk on the First Amendment which is the school building funds Amendment. This will be voted upon at the Nov. 4 election.

Other announcements included the new High School Open House to be held next Sunday, Oct. 19, at the school building. The distribution of Girl Scout uniforms, B.P.W. Civic discussion panel meeting, Home Nursing course, and commercial evening course.

The room count was won by the fourth grade.

A recognition to the new teachers followed the business meeting. The refreshment table was covered with a white lace cloth and at either end were punch bowls encircled with small leafy greens and double yellow ribbons. Serving were Mrs. Charles Fontaine assisted by Mrs. Warren Stoner, Mrs. L. E. With, Mrs. H. H. Chamberlee and Mrs. George Goforth.

Our local golfers took a trimming from the Lake Worth Girls in the County Golf League play last Monday. Scores as follows: P.T.A. group to date. Mrs. A. Marian Myers LW 2 1/2 points from Kat Weeks, 1/2 point; Bobby Higgins, LW 3 points from Pete Kirchman, 1/2 point; Nellie Bass LW 3 points from Louise Rhodes; LW 3 points in foursome, Helen McCoy LW, 3 points from Alyce Van Landingham; Jean Long 1 1/2 points to halve with Rapley Weeks, 1 1/2; LW 3 points in foursome, Lolla Schoenberg LW, 2 1/2 points from Louise McWhorter, 1/2 point.

Gert Hall LW, 2 points from Ruth Ziemann 1 point; BG 2 points and LW 1 point in foursome.

SUPPLEMENTAL FEEDING OF CATTLE RADIO TOPIC

Tomorrow morning at 11:15 in a WSWN broadcast sponsored by the Killebrew Seed Company, Ralph Kidder, animal husbandman at the Everglades Experiment Station will talk on supplemental feeding of cattle. Mr. Kidder, who has worked on numerous feeding trials at the Station, will make a 15-minute summary of the various results.

The carnival, under the auspices of the P.T.A. will be held nightly from Oct. 27 through November 1. Special features will include bobbing, fortune-telling, grossy pole, wishing well, fish pond, fun arcade, and many others. Watch for admission prices.

P.T.A. meetings are held every first and third Monday of each month.

American Education Week will be observed in each classroom Nov. 9 through 15. Patrons and friends are cordially invited to visit during the observance of this week.

Charles McCurdy, Principal T. A. Hynes, Chairman of Public Relations.

NEGRO NEWS

LAKE SHORE ELEMENTARY
Mrs. Nina Briggs, religious education instructor, made her first visit to the school Friday, Oct. 10, during morning assembly. Her discussion centered around "John the Baptist." At the close of the meeting, she told pupils how they could obtain wall mottoes and free copies of the New Testament; she also told them how they could work towards a week at camp during the summer months.

Mrs. E. P. Jones, field supervisor of the business meeting.

The refreshment table was covered with a white lace cloth and at either end were punch bowls encircled with small leafy greens and double yellow ribbons. Serving were Mrs. Charles Fontaine assisted by Mrs. Warren Stoner, Mrs. L. E. With, Mrs. H. H. Chamberlee and Mrs. George Goforth.

OUTDOOR FLORIDA
By Herb Mosher
MOONLIGHT BLACK BASS
fishing, with live shiners for bait, has been successful all Summer over in the Big Spring in Lake Apopka's Gourd's Neck. Most anglers figure that moonlight is no good for bass fishing; the blacker the night the bet-

ter,—and this is true as far as artificial lures go. However, some one got smart on one of the Summer's full moons and tried the shiners in the clear water of the spring. Result: just lots of big, hefty black bass. The bass in this spring can see too well in daylight to hit at anything offered. But now it has been proved that live shin-

ers, in the moonlight, will get BLUEFISH season is at hand. June Beach Ocean Fishing Pier skipper, Capt. Marshall Bourland, got out his log book for a few days ago, to review past bluefish seasons. He found that on Sept. 10 in both 1950 and 1951 heavy runs of bluefish made shore at June Beach. Tons were taken by anglers just before the pier was closed from the pier. Most anglers think bluefish wait until cold weather, but this is not true. September is one of the best months. However, remember this: Blue hit the shore first around Palm Beach. It may be months before they "show" elsewhere. So why not keep in touch with Bourland?

SEA TURTLES are plentiful. In just one-half of a mile of beach, Mayor Oscar Erikson counted 50 (fifty) turtle "crawls," one morning this summer (after the August full moon). That's a lot of Mamma turtles to be coming out of the sea to lay eggs in the sand, up above the high tide mark. Think of it—that figures out 100 turtles to the mile in just one night.

JUPITER INLET, one of Florida's best fishing holes, has now been dredged out to a depth of 8 feet. Jetties (more adequate jetties) are still needed, however, the deep channel should hold up for a time. This should be an especially good spot for bluefish this autumn. Drive just a little farther to fish at Jupiter and really catch fish.

SIESTAS FOR FLORIDIANS—there used to be a enormous sign over and across one of the Florida highways (like a welcoming gate) which read: "YOU ARE NOW 400 MILES SOUTH OF CAIRO, EGYPT!"

What became of this sign I have been unable to learn, but I suggest its replacement, at an early date. Here's why: Florida is a country which should adopt the gracious ways of the Span-

ish speaking people of Latin America. The easy-going ways of trying to conduct business and pleasure, in Florida as it is done by the "Yankees," up North, is as much out of place as a Bikini bathing suit at the north pole.

Especially in the Summer time the way Florida people live, and conduct business, (or try to) is just awful. Let us show them how to do it right.

For remember this, we are all of us living at a latitude similar to the one mentioned in the sign which read: "You are now 400 miles south of Cairo, Egypt!" I shall have more to say on this same subject, from time to time. Florida is not the place where the ways, and customs, of the North, or even of the deep South, are in order. We once were a Spanish country. Florida was founded by the Spaniards—and if we are smart we will adopt more and more the Spanish customs, old and new, commencing with *La Siesta*.

Gov. Stevenson once vetoed the "house cat" bill in Illinois—getting for this the wrath of almost all sportsmen and bird lovers who heartily had his action. The "house cat" bill was a most progressive conservation measure passed by the Illinois legislature, which proposed to regulate cats much as dogs are regulated. Every one knows the house cat is the greatest destroyer of young quail, pheasants, song birds, and small game, on earth.

The Illinois legislature was virtually a perfect bill, and a great forward step. Stevenson vetoed it. I shall have more to say on this subject also,—soon!

UN CELEBRATION NEXT FRIDAY IN W.P.B.

Governor Fuller Warren has proclaimed next Friday, Oct. 24, United Nations Day at the official celebration to be held at Palm Beach High School auditorium that day.

Palm Beach County are invited to attend and pay tribute to the United Nations organization. Mayor H. Elmo Robinson, West Palm Beach will preside; Dr. Edwin R. Walker, dean of Rollins College, will be guest speaker; and many other distinguished guests are expected to be present at the event, which is to be sponsored by the International Relations Group of the American Association of University Women, in collaboration with the United Council of Church Women.

Entertainment will be provided by the students of Lake Park Junior College and the junior high school.

CONSERVATIONISTS MUST SIGN UP BEFORE NOV. 29

Farmers who want to participate in the government's 1953 agricultural conservation program must sign up by Nov. 29 this year, according to an announcement made this week by J. W. Strickland, county administrative officer of the Production and Marketing Administration, US Department of Agriculture.

"Those who are interested should sign up with one of their community committees," Mr. Strickland said. In the Belle Glade area, these are Joe Freidheim, T. W. Knight, and J. L. Murphy. In the Pahokee-Canal Point area, committee men are Joe Tom Boynton, J. H. Thompson, and Lewis Friend.

In signing up, farmers are requested by the regulations to list the conservation practices they intend to carry out during 1953, in the view of importance to their farms.

Conservation practices for which compensation is available this year are practically the same as for last. Mr. Strickland said. They include application of phosphate materials, potash materials, and minor elements; application of liming materials; establishing a permanent pasture by planting sod pieces of Carib, Pangola, St. Augustine, Para, or Bermuda grass; establishing a permanent pasture by clearing, cleaning up, and preparing suitable land and seed; establishing or improving permanent pasture by seeding, reseeding, or resodding adapted legumes and/or grasses; establishing a satisfactory cover of seeded summer legumes and non-legumes which are left on the land or turned under; surface water control on farmland; and special conservation practices, including application of subsoil to cropland or pasture, planting of annual ryegrass, or planting of Alto or Kentucky 31 Fescue.

VETERANS URGED TO REGISTER FOR WORK

Recent veterans of the armed forces, who may be eligible to file claims for unemployment compensation under the Veterans' Readjustment Assistance Act of 1952 after October 14, today were urged to visit the local office of the Florida State Employment Service and register for work if they are not working.

Arthur M. Larimore, manager of the Belle Glade local office, which is to handle claims under Title IV of the Act, covering payment of unemployment compensation, pointed out that several conditions must be met before veterans can become eligible for payments.

The local office manager stated that the purpose of the new veterans' unemployment compensation legislation is to provide discharged servicemen, who are unable to find jobs, with weekly payments which will tide them over temporary emergencies while they are out of work. The total of \$875, which is payable in weekly amounts of \$26, to be paid when out of work and eligible, will remain to their credit until used.

HIGHWAY DISCUSSION SET FOR CONFERENCE

A look into the future of Florida's highways will be a part of the opening session of the 1952 Highway and Surveying Conference, set for Oct. 23-24 at the University of Florida, Gainesville.

Lawrence Waterbury, a partner in the concern of Parsons, Brinckerhoff, Hall and Macdonald of New York, will address the attending engineers whose interests are in highways, surveying and mapping, on the subject "A Future Plan for Florida Highways."

Sponsored by the University's Engineering and Industrial Experiment Station of the College of Engineering, the conference program also calls for specialized talks on various subjects.

START WINTER

(Continued on Page 6)
that clover is choked. Neither ryegrass and Carib grass suitable, unless mowed or chopped closely to give the clover a chance.

For ryegrass plantings, Mr. Spoor suggests a mixture of 15 pounds of seed to the acre, with 1 1/2 pounds of clover mixed in 15 1/2 pounds of ryegrass seed.

This, he says, "makes a very nice planting."

Moreover, he says, "Rye grass, clover, and fall oats are all on the list of grasses approved in the Soil Conservation Program, and farmers participating in the PMA program can get some compensation for planting these particular crops."

Queried about the teased (Sida sp.) menace to pastures, Mr. Spoor advised treating encroachments when they start by mowing closely; then when sprouts start around the old stems, "Spray them with 2, 4-D," he said.

Dithane* D-14

Manganese Sulfate

Directions For Mixing

For Each 100 Gallons:

1. Dissolve 1 lb. manganese sulfate in approximately 1 gallon of water in a bucket. Stir until thoroughly dissolved.
2. Add 2 qts. Dithane D-14 to the above and stir until smooth, creamy mixture is formed.
3. Add this concentrated mixture to partially filled spray tank. Continue filling tank.
4. Add insecticides, nutritional sprays or spreaders if needed. BE SURE TO DO THIS LAST.

See your Kilgore man for additional information about this new and promising fungicidal mixture.

You get **FREE** a **TOOL BAR & CULTIVATOR** worth \$29.95. Better hurry and put a deposit on one of these five tractors while we still have them. Payments can be arranged.

First Local man many visitors meet

Visiting motorists often form their first impressions of our town from this man . . . and because of his desire to be of service, it is usually a good one.

He's done as much to boost his community as almost anyone you can mention. His judgment and directions to local stores, hotels, and places of interest is constantly sought,

and his recommendations send a stream of customers to local businesses.

At the service of motorists during fair weather or foul, he's the man who changed a word in our vocabulary. A man who by his eagerness to serve, taught the motorists of the South that he operates not a "filling station"—but a Standard Oil service station.

Mrs. H. H. Walker, daughter, Ronda, Mrs. Edna Walker, Pauline Walker, and Virginia Kellie visited relatives in Miami Sunday.

Mrs. Linton Miller, daughter Linda, and Mrs. Lucille Walker visited Mrs. Julius Herring at Hooker's Point Friday.

J. P. Prevatte, Mr. and Mrs. William Blackwell and son Billy, visited Mr. and Mrs. Charles Hatcher in Tampa over the weekend. The men have returned home, leaving Mrs. Blackwell and son for a two weeks' visit with her cousin.

John Windish, Mormon elder, spent Sunday doing mission work on the Indian Reservation near Immokalee.

Mr. and Mrs. Edwin Dorsey and children, Michael and Karen Sue, who have been visiting her mother, Mrs. L. O. Ratley, are leaving this week for their home at Lubbock, Texas. They will be accompanied home by her sister, Mrs. Curtis Williams, who plans to join her husband at Clovis, N. M. in the near future.

Mrs. Fannie Coleman, her daughter and son-in-law, Dallas, Texas were guests of Mr. and Mrs. S. J. Fisher Monday.

Mr. and Mrs. John R. Crow, Mike and Sharon, of Miami Springs were Sunday guests of Mrs. P. E. Goodbread and family.

Lou Ann Austin, daughter of Mr. and Mrs. Ben Austin, was taken to St. Mary's Hospital for treatment Monday.

Mr. and Mrs. Dewey Blair and daughters Bedra and Saran, were out-of-town guests of the Church of Jesus Christ of Latter Day Saints Sunday and addressed the meeting.

R. S. Donaldson has received word that Mrs. Donaldson had the misfortune to fall and fracture her arm recently, but was able to resume her school work within a few days at Montreal, Canada.

Claude McLeod, son of Mr. and Mrs. E. W. McLeod, was injured in the Fort Pierce vs. Belle Glade football game Friday night and hospitalized for observation. Injuries proved not as serious as it was at first feared.

Mr. and Mrs. Mark Challanier and family took her mother, Mrs. Lillian Lockmiller,

Mrs. George A. Thompson, to her home in Swainsboro, Ga. over the weekend. Mrs. Thompson has been visiting here for several weeks.

The Women's Society of Christian Service met at the church Thursday evening, October 16. Mrs. Rollin Plank was in charge of the program for the evening.

SOUTH BAY GARDEN CLUB

The South Bay Garden Club held its first meeting of the year at the Legion Hall Thursday afternoon, Mrs. John L. Evans presiding.

Other new officers are Laura Willis, vice-president; Lucille Walker, secretary; Mary Waters, treasurer; Mrs. Beale Smith and Mrs. Gertrude Willis served as the nominating committee presenting the slate of officers for election.

Committee chairman for the year were named: Finance, Mrs. Jay Smith; Mrs. I. M. Davis, Mrs. R. A. Hall; Membership, Mrs. C. F. Denton; Publicity, Mrs. J. C. Summerlin; Horticulture, Mrs. Frank Wilson; Mrs. Billie Hartline; Scrap Book, Mrs. Billy Rogers; Mrs. O'Neal Walker; Food, Mrs. K. L. Locke; Paper Decorations, Mrs. E. E. Dasher; Mrs. S. E. Henderson; Christmas Program, Mrs. Mark Challanier; Mrs. W. G. Bowen, Roadside Improvement, Mrs. Norman Dalrymple; Mrs. H. O. Mitchell; and n Therapy, Mrs. F. B. Willis.

Mrs. H. H. Walker was appointed to have charge of the November program and instructed to select her own refreshment committee. Hostesses wishing to hold meetings in their own home instead of the hall will do so.

Meeting dates were set for the second Wednesday of each month. There will be an exchange of plants at the next meeting among members.

Mrs. Mead Willis made a talk on Sugar Apples, stating that they were easily grown in the Glades. At present, Mrs. Mollie Covell has the only one known in this vicinity.

Members and others who so desire are requested to contribute trees, shrubs and plants for the beautification of the Jeffries Memorial Roadside Park now being developed on city-owned land adjacent to U. S. Highway 27.

Announcement was made of the next Fifth District Garden Club meeting to be held at the George Washington Hotel on Nov. 8. It will be an all day session with luncheon at \$2.00 a plate.

A Flower Show School was also announced for October 13-14-15 at Belle Glade High School. The fee will be \$3.00. Flower arrangements and flower judging will be attractive.

It was decided to sell Christmas Wrapping paper for a money-raising project and several cartons were ordered. Light refreshments were served.

Mrs. Mary McCarron, Mrs. Betty Willis, Mrs. Beale Smith, Mrs. Mollie Covell, Mrs. Laura Willis, Mrs. Jane Evans, Mrs. Mary Waters, Mrs. Bebe Denton, Mrs. Lucille Walker, Mrs. Gertrude Willis, Mrs. Rosa McAllister.

STANLEY PARTY

Mrs. Lucille Walker was hostess at a Stanley Party at her home in South Bay Wednesday afternoon.

Prizes for the afternoon went to Mrs. W. G. Bowen and Mrs. J. C. Summerlin. The hostess prizes were two handsome pictures, "The Boy in Blue" and "The Girl in Pink" and a steak knife and fork. Cup cakes and limeade were served by Mrs. Norman Dalrymple, Mrs. Melvin Herring, Mrs. J. C. Summerlin, Mrs. W. G. Bowen, Mrs. D. L. Shiver, Mrs. J. M. Davis and Mrs. S. E. Holland of Clewiston, who presented the demonstration.

Pick of the 1/2-ton pickups!

International light-duty pickup models available with 6, 8 and 16 foot bodies. GVW ratings 4,000 to 6,000 pounds. Ask about A-4-A-4 attachment to increase pickup body utility.

When you're in the market for a 1/2-ton pickup, it pays to look hard at the pick of the lot—International.

Here's real-truck muscle in every part to give you that extra drive for the tough jobs; extra years of thrifty operation. Here's the roomiest cab and the smoothest ride you can find in any truck. Come in and see all that International has to offer you in a light-duty truck:

- **International light-duty trucks** — 1/2, 3/4, and 1-ton sizes, 115, 127, and 134-in. wheelbases. Body types include pickup, stake, panel, Metro, utility, and others.
- **Silver Diamond** all-truck valve-in-head engines give that extra power when you need it. But just as important, they save you plenty on gasoline and maintenance.
- **Unmatched handling ease!** International's Super-steering system makes truck driving child's play. Wider front axles make possible a full 37° turning angle for easier handling and better control!
- **Comfo-Vision Cab**—the roomiest, most comfortable cab on the road. Designed by drivers for drivers. The wide seat holds three with ease. The one-piece Sweepstitch windshield insures perfect visibility. New green-tinted, non-glare safety glass available.

Better roads mean a better America
